“NO SHOW” POLICY

Unfortunately due to the increasing numbers in missed appointment we are forced to implement our “No Show policy. Effective 11/1/2015 there will be a charge for any missed appointments.

For established patients that have been scheduled for a physical there will be a **\$50.00** charge and for an office visit there will be a **\$25.00** charge.

Missed appointments charges are not covered by private insurance and will be your responsibility.

Any patients **missing 3 appointments** will be discharged from the practice.

We do our best to make reminder phone calls; however, patients are responsible for knowing when their appointments are.
